Funding Source:

PURPOSE/BACKGROUND:

This Interlocal Agreement between the City of Las Vegas and the Las Vegas Valley Water District (LVVWD) will facilitate the permanent transfer of interoperable radio equipment to enable communications between the LVVWD's staff and public safety agencies in the region. This equipment was acquired through the FY2003 U.S. Department of Justice Community Oriented Policing Services (COPS) Interoperable Communications Equipment Grant Program (reference purchase order authorized by the City Council on 1/21/04, Agenda Item #19). This agreement also authorizes the City to invoice the Las Vegas Valley Water District in the amount of \$468,322.25 to cover a 25% cash-match required by the federal grant program.

RECOMMENDATION:

Las Vegas Fire & Rescue recommends approval.
